

Set up a Give in Celebration fundraising page

Our Give in Celebration pages on JustGiving make collecting donations in lieu of gifts really easy for you, your family and friends.

Simply visit www.justgiving.org.uk/hosf and click on the orange Fundraise for us button.

On the following page choose Personal Occasion under the Celebrating an occasion option to set up your page.

You can then personalise your page and explain why you have chosen to make your celebration even more special by raising funds to support us, then you can send it to everyone coming to your event and ask them to make a donation instead of bringing a gift.

The fundraising team can supply balloons to decorate your venue, collections boxes or buckets and banners. Just give us a call on 01442 869 555 or email fundraising@stfrancis.org.uk to order any support materials you would like.
