Welcome to our Palliative and End of Life Care (EOLC) Education Brochure for Apr - Jun 2025

The aim of this brochure is to detail palliative and end of life care education available during April to June 2025.

It is not exhaustive and there are likely to be additional sessions which will be advertised on our website, via social media and promotional emails to our subscribers.

The programme is open to all health and social care professionals who provide palliative and/or end of life care to patients in any setting. We offer a structured programme made up of short sessions, half days and full study days.

The training is based on the End of Life Care Core Skills Education and Training Framework (2017), Ambitions for Palliative and End of Life Care (2021), NICE Guidelines - Care of dying adults in the last days of life (2015) and the End of Life Care Strategy (2008).

The training also encompasses the five core competencies that are outlined in the National Core Competencies for End of Life Care (2009) which were developed to support the End of Life Strategy. These are:

- The Overarching Principles of Palliative and End of Life Care
- Communication Skills
- Assessment and Care Planning
- Symptom Management, Comfort and Well-being
- Advance Care Planning

MEND THE GAP - PALLIATIVE CARE EDUCATION

We are constantly reviewing the training we should be offering - please contact us if there are sessions you would like to see or if you'd like further details of what might be coming up.

Please contact the Education team via:

education@stfrancis.org.uk

and we can discuss this with you.

To help meet the specific Palliative and End of Life Care needs of your organisation we also offer bespoke training.

Please contact us if you would like to learn more.

BOOKING AND ATTENDANCE

Attendance at any of the education sessions detailed in this brochure is open to all staff, irrespective of their employer/place of work. Booking of places by individuals onto any of the courses is dependent on the individual having their team leader/manager's agreement.

Book on via [Accessplanit](#) or via The Hospice of St Francis [website](#)

Please note there may be a booking fee or small charge for selected courses.

Most of these courses are free to HoSF staff and volunteers.

When it comes to course payment on the booking form, step through to the end of the process and the system will apply 100% discount to the booking fee.

Please contact us if you have any queries

HOW TO JOIN A 'ZOOM' MEETING

Please keep your microphone on mute during the call.

Preparation

Find a private space where you will not be disturbed. Use headphones with a microphone or talk directly into your laptop if it has a built-in microphone and camera.

Make sure your face is well lit either by facing a window, or having a light in front of you (i.e. behind the computer). If the light is behind you it tends to shadow your face. Position the camera so it is directly in your eye line - this way we can see your head and upper torso.

Think about your background. What do you have on show?

Joining a Meeting

Click on the link that you were sent in the e-mail regarding the training session. If the person hosting the meeting has NOT logged on, you will see a screen that looks similar to this.

You will have the opportunity to test the computer speakers and volume while you are waiting. Just click on the 'Test computer audio' button.

Please wait for the host to start this meeting.

Start: 2:00PM

Team Meeting

If you are the host, [sign in](#) to start this meeting

Test Computer Audio

If the Host has already logged on, you will go straight into the meeting.

Once you have joined a meeting, your screen should look like this. You may also see the first slide of the PowerPoint presentation as well as the host.

In-Meeting Controls

The attendee controls appear at the bottom of your screen. To access the meeting controls, just move your

mouse in the Zoom window.

Attendees have access to these features:

Mute or Unmute:

To mute or unmute your microphone, click the ^ arrow next to the picture of the microphone.

Please keep your microphone on mute during the presentation.

Start Video or Stop Video:

To turn your camera 'on' or 'off', click the ^ arrow next to the picture of the video camera.

Please keep your camera on during the presentation if you are able.

Asking Questions or 'Chat'

During the presentation you can ask questions to the host using the 'Chat', rather than asking questions directly. Using the 'Chat' icon on the control bar at the bottom of the screen, click on the 'Chat' icon and type your message at the bottom of the white screen. When you press 'Enter' or 'Return' your message will then be displayed for the host and other participants to see.

When new chat messages are sent to you or everyone, a preview of the message will appear, and 'Chat' will flash orange in your host controls.

Accessing the Chat from a Mobile Device

1. While in a meeting, tap the screen to make the controls appear.
2. Click on 'Participants'.
3. At the bottom of the participants list, click on 'Chat'.

4. You can type your chat message and click 'Send' or if you want to change who it is being sent to, click the arrow next to 'Send to:' and choose a different person or group of people.
5. Incoming chats will be displayed at the bottom of your screen and you can click on 'Participants' then 'Chat' to view them.

EUROPEAN CERTIFICATE IN ESSENTIAL PALLIATIVE CARE (ECEPC)

(Online via Zoom)

The majority of healthcare professionals working in hospitals and the community look after patients with palliative care needs on a regular basis.

The European Certificate in Essential Palliative Care (ECEPC) is aimed at helping professionals consolidate and develop their palliative care confidence and expertise.

The course is designed to meet the needs of healthcare professionals new to specialist palliative care services who wish to establish a strong foundation of knowledge on which to build specialist knowledge and skills.

The course is a nine week distance learning, multi-professional programme, covering:

- What is palliative care and who is it for?
- Symptom issues in palliative care
- Patients with emergency conditions
- Patients in the last 48 hours of life
- Breaking bad news to patients and families
- Bereavement and support
- Common ethical issues
-

The course was developed at Princess Alice Hospice in 2001. It is now offered at a range of sites both nationally and internationally - including The Hospice of St Francis, Berkhamsted.

The course runs twice a year and the fee is £600.

WHO SHOULD ATTEND?

Healthcare professionals who may wish to access the course include medical and nursing staff, allied health professionals (from acute, community and hospice settings) and paramedics.
